

Breakaway Zone

Breakaway Zone is a high-performance acoustic structure designed to create private, semi-enclosed hubs within open-plan offices. Its architectural form provides a quiet retreat for focused work, collaborative meetings, or relaxed social interaction without the need for permanent walls.

- 70mm thick acoustic panels
- Create unique settings including meeting, counter or sofa configurations
- Removable ceiling mesh panel for access and ventilation
- Includes 2x LED strips and 4x LED downlights
- Integrated power channel in rear panel
- Levelling adjustment

Warranty

5 Years (Commercial Use)
