

Framework system is a durable workstation solution designed around a robust, full-steel cantilever leg. This provides a strong foundation and a clean, open profile suitable for any modern office.

- Full steel frame with cantilever leg construction
- Frame available in a white or silver powder-coat finish
- Cantilever legs can be shared between back-to-back workstations
- Fully integrated cable management system
- Detachable steel cover plate on legs for easy cable access
- Levelling adjustment in feet
- 25mm thick worktops
- Worktops made in Australia

Warranty 10 Years (Commercial Use)
