

Mix block system is a modular collection for creating custom seating and planter arrangements in any commercial space. Combine blocks of different heights and finishes to build unique layouts.

- Mix Blocks: 18mm construction with a 30mm high inset kickboard
- Available in standard (450H) and high (900H) versions
- Can be arranged in limitless configurations
- Available in a wide range of standard and premium finishes
- Optional integrated electrical and USB outlets. Mix Cushions: 50mm thick fully upholstered foam construction
- Available as fixed or loose (with anti-slip underside) cushions
- Can be upholstered in a wide range of commercial fabrics. General: Matching planter boxes available
- Made in Australia
