

Openwork system is a leg-based workstation designed around a robust 76mm tubular steel frame. This construction provides exceptional durability and a clean, contemporary look for open-plan workspaces.

- 76mm tubular leg and framework construction
- Frame available in a black or white powder-coat finish
- Fully integrated cable management system
- Levelling adjustment in foot
- Easy assembly and disassembly for relocation
- 25mm thick worktops
- Spine modules integrate with central storage units
- Worktops made in Australia

Warranty	10 Years (Commercial Use)
