

Openwork Spine

Openwork Spine system integrates desking and storage to create a highly efficient workstation solution. The central spine provides a structural core for bifacial storage and integrated power distribution.

- Integrates desking modules with a central storage spine
- 76mm tubular leg and framework construction
- Frame available in a black or white powder-coat finish
- Levelling adjustment in foot
- Bifacial storage units allow access from both sides
- Integrated power and data channel runs the length of the spine
- 25mm thick worktops
- Made in Australia

Warranty 10 Years (Commercial Use)
